

NiLitis SR

PROLONGED JOINT SUPPORT FORMULA

60 count
Tablets

gras

Generally Recognized As Safe

Curcumin C3 Complex® is USFDA GRAS affirmed ingredient.

BioPerine® is USA GRAS self affirmed ingredient

BENEFITS

- Helps improve movement and flexibility in joints
- Manages and prevents excessive strain of joints
- Supports relief from musculoskeletal discomfort
- Helps maintain joint health

NiLitis SR

Suggested Usage:
One tablet twice a day after meals
or as directed by physician.

NiLitis SR is a sustained release composition containing phytoactives that are well recognized in the management of inflammation and pain. Sustained release contributes to a better absorption of the nutrients as they are metabolized even as they release slowly over a period of time.

Curcumin C3 Complex® obtained from the dried roots and rhizomes of *Curcuma longa* is standardized to contain 95% Curcuminoids. Curcuminoids reduce pain and inflammation by inhibiting NF-kB. Several studies conducted using Curcumin C3 Complex® shows positive results in management of osteoarthritis.

Boswellin® is a standardized powdered extract from the gum resin exudates from *Boswellia serrata* tree. *Boswellia serrata* has anti-inflammatory action much like conventional non-steroidal anti-inflammatory drugs but much safer than NSAIDs. Boswellia extract is clinically proven safe and effective in the management of arthritic conditions.

Ginger extract obtained from the dried rhizomes of *Zingiber officinale* helps reduce inflammation by inhibiting prostaglandin biosynthesis, specifically COX-1 and COX-2. It also suppresses the immune system's production of pro-inflammatory cytokines and chemokines, reducing disease severity in patients with rheumatoid arthritis.

SAMI Direct's NiLitis SR tablet is clinically validated and found safe and effective in the management of osteoarthritis of knee.

Each Tablet contains:

Ingredient	Quantity per Tablet
Boswellin®* (<i>Boswellia Serrata</i> Extract)	200 mg
Curcumin C3 Complex®* (<i>Curcuma longa</i> rhizome Extract)	200 mg
<i>Zingiber officinalis</i> rhizome Extract	150 mg
BioPerine®* (<i>Piper nigrum</i> fruit Extract)	5 mg
