- Clinically tested

 **SAMI Direct**  
Healthy, Wealthy & Wise

# LeanGard

### Suggested Usage:

One capsule twice a day before meals or as directed by physician

Obesity is recognized as a chronic disease world wide. This is a great health concern because excess body fat leads to a higher risk of diseases.

Over weight and obesity are the results of several factors. For each individual, body weight is influenced by a combination of genetic, metabolic, behavioral, environmental, cultural and socioeconomic conditions. For the vast majority of individuals however, overweight and obesity are the results of excess calorie consumption and/or inadequate physical activity. Weight management means keeping body weight at a healthy level.

LeanGard is a botanical weight management formula composed of ForsLean<sup>®</sup>\* (*Coleus forskohlii* extract), GarCitrin<sup>®</sup>\* (*Garcinia cambogia* extract with Garcinol) and BioPerine<sup>®</sup>\* (*Piper nigrum* extract). The composition of LeanGard is aimed at overcoming the shortcomings of individual botanical ingredients, facilitating their actions by synergy and improved bioavailability to the target tissues and cells.

**LeanGard, a proprietary blend, contains an advanced spectrum of natural ingredients that work synergistically to support satiety, lean body mass and a healthy body composition, with a beneficial impact on healthy body weight management.**

\*This is a traditional preparation to be taken with a balanced diet and regular exercise

#### Each Vegetarian Capsules Contains:

Ingredient	Quantity per Capsule
